

HEATING CONTROLLERS & TELEPHONE LINE INSTALLATION

In the last St Mary's Church PCC meeting dated 24th March 2022, the following proposal was discussed and agreed

"That a telephone line be installed in the church. This will be via the East corner of the church, into the crypt, terminating in the passage of the crypt between the gated door and door up to the church. It will be terminated on a WiFi router housed near to the ceiling"

Signed.....

S Nuth, Rector & Chair of PCC
